AIR PILLOW VOID FILL SYSTEMS

TPA Air Pillows provide top-tier product protection while reducing your carbon footprint. Made of 99% air, they absorb shocks and prevent transit damage.

Choose from 50% post-consumer waste or a fully biodegradable paper option, perfect for fragile items like electronics, glassware, and hardware, among others. The advantages of the new TPA void fill system include:

- Compact design with multiple functions.
- Patented sealing prevents wrinkles & air leakage.
- Durable blade & heating belts for extended use.
- Long-lasting brush less motor.
