

RIPACK[®] HEAT GUN SERIES 3000

MADE IN FRANCE

RIPACK® SERIES 3000

The RIPACK® 3000 Heat Gun is built for heavy-duty use, perfect for pallet wrapping, containment, winterizing boats, and industrial protection. Its unique Securipack system delivers top-tier safety.

As the fastest shrink gun on the market, it uses a powerful, controlled flame and fan-shaped nozzle for efficient, even coverage, far superior to standard torches.

Ideal for wrapping 100–150 pallets daily, the RIPACK® 3000 is your go-to solution for reliable goods protection.

These tools are used in many sectors such as industry, construction, food processing and transport/logistics.

EACH KIT CONTAINS:

- 1 RIPACK® 3000 Heat gun.
- 8 meter (26') propane type hose with swivel connector.
- 1 instruction sheet with guarantee card.
- 1 double safety adjustable regulator.
- 1 spanner.

SMART

RIPACK® Series 3000 is delivered in a carrying bag. This eases the storage and transport of common accessories.

ERGONOMIC

The pivoting arm rest provides increased comfort during use with extension wand and folds away after use storage.

SAFE

Prevent any burn risks and work in complete safety. With its unique, patented cold nozzle system, the gun remains cool during use. Non-stop rotation of the nozzle possible with bare hands.

PRACTICAL

Large, solid hanger ring. Easy to attach on RIPACK® Gas cylinder trolleys.

SECURIPACK

In the event of hose damage or low gas supply, two safety mechanisms in the regulator cut the gas flow and guarantee the nozzle remains cold.

ROBUST

Its body is made from die-cast aluminum and its nozzle is made from stainless steel to ensure meeting the conditions of a reliable and long-lasting product.

COMFORTABLE

Dual-material ergonomic handle for improved control. The rotating connection eases hose self-alignment during gun movement.

TECHNICAL SPECIFICATIONS

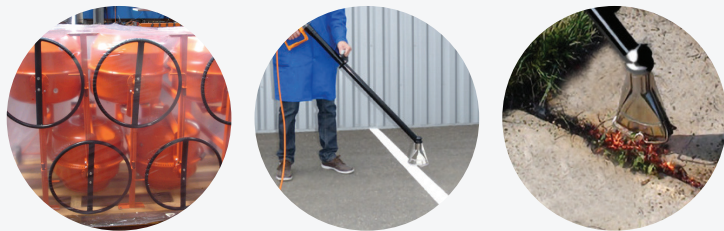

POWER	45 to 80 KW	153 000 to 260 000 btu/h
PRESSURE	1,5 to 3,5 bars	21 to 50 PSI
GAS CONSUMPTION	From 3,06 to 5,41 kg/h	
LENGTH / HEIGHT	375 / 262 mm	14.76 / 10.32 inches
NET WEIGHT	1250 g	2.7 lb
NOISE LEVEL	<85 dbA	
ENERGY SOURCE	Propane (natural gas upon request)	

KEEP YOUR PRODUCTS SAFE IN ANY CONDITION

It will follow you on all terrains, for pallet wrapping, building containment, boat wintering and protection of large industrial volumes.
