

TPC-10

DUAL PAPER CUSHIONING MACHINE

RECYCLABLE
PAPER

COST
EFFECTIVE

EASY TO
OPERATE

The TPC-10 is a dual paper cushioning machine which is ideal for packaging of fragile or heavy products.

The unique machine creates a highly effective paper cushioning product which combines two papers in a crinkled and heavy-duty structure. The TPC 10 has many features including:

- Speed: 12m/min.
- 50GSM or 70GSM paper options.
- Fast and efficient compared to traditional paper packaging.
- Sustainable and cost-effective solution
- 100% Recyclable and reduces waste going to landfill.
- Easy-to-use machine that dispenses paper directly into your box.
- Automatic cut function that can be set to any length.

3 CONVENIENT MODES:

1) Pre-set Length:

Creates pre-set lengths of paper that can be dispensed according to your needs.

2) Automatic Paper Output:

Automatically dispenses a set quantity of paper at a pre-set length.

3) Foot Pedal:

A convenient foot pedal to operate the machine, to access hands-free operation.
